

**Intent: What are we trying to achieve?**

**Subject Vision - SECURE**

SECURE is a three stranded approach to our statutory duties that prepares pupils for world beyond school.

Secure aims to give pupils the opportunity to develop employability skills, character virtues and cultural capital. Pupils will be given time to practice and guidance and information to develop themselves to their fullest potential, work with others successfully and contribute to their communities positively ensuring that Parklands produces accomplished citizens for tomorrow's world.

**Curious Learners**

Our curriculum encourages the acquisition and application of knowledge and skills that nurture curiosity and a love of learning. Pupils are often given choices about the topics they pursue and this encourages them to take an interest in the world around them.

**Respectful Citizens**

Our curriculum fosters and promotes self respect, and respect for each other and the wider global community. With the focus on character virtues and equality at the heart of secure, all pupils get the chance to develop their own values in a way that ensures they feel valued, visible and safe.

**Aspiration Individuals**

Our curriculum supports the development of ambition and of the mindsets required for all to believe they can be successful in life. This is achieved through project based learning which focuses on employability skills.

**Motivated Achievers**

Our curriculum provides the experiences and opportunities to enable all to achieve personal excellence in everything that they do.
