

Setup School Email on Mobile Device

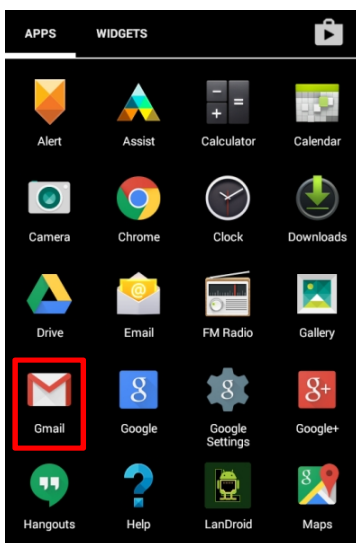

Android

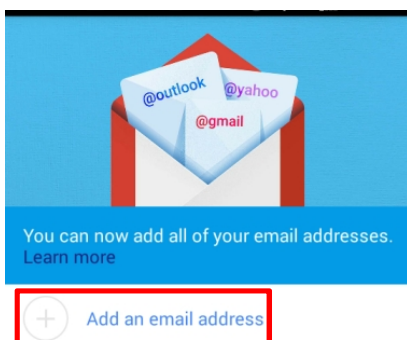

All Android phones now have the Gmail app preinstalled

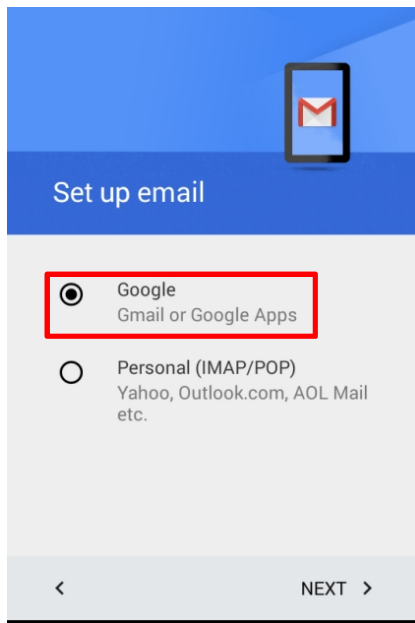

Open up your Apps screen and select the Gmail icon

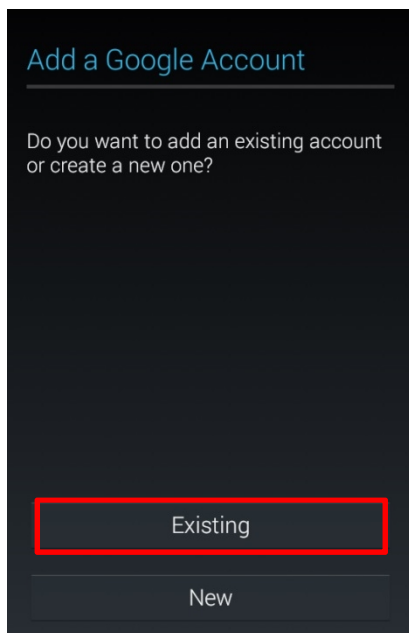

Select Add an email address

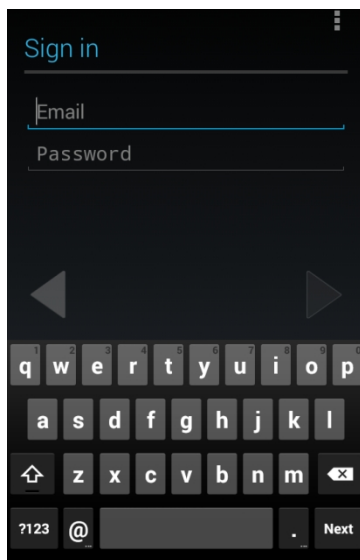

Select Gmail or Google Apps

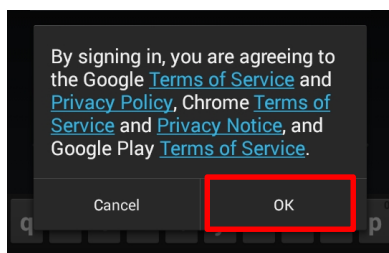

Add an Existing account

Enter Email address and Password

Click OK to accept the terms of service

If you would like your mobile device connecting to the schools wireless network, please bring to room N29 anytime during lunch and a member of the IT support team will assist you.
